The New Beginning Sees Brewer Students Active in Many Ways

Junior Drum Major Kelly LeBlanc.

As the students clamor through the halls, the bell rings interminably. Crashing sounds of lockers being slammed fill the air. The halls are lined with people "on the wall." Forming small cliques are the socials, freaks, snobs, brains, jocks, and primps—the scene on any ordinary day. What makes this a new beginning?

1980-81 was the year of elections; soon there would be a new President of the United States. Which would it be, Carter-Mondale, Reagan-Bush or Anderson-Lucy? A new congressman would be elected to represent the local congressional district; would it be Wright or Bradshaw? In the new beginning teams would rise to the top in Pro Football; would it be the Cowboys, Steelers, Patriots, or Eagles?

The drill team twists during the half time.

Cheerleaders perfect routines out of uniform.

Excited band members enjoy the pep rally.

Flag Corps presents the colors before the Brewer-Diamond Hill game.

Drummers Mike Ivey and Jeff Gabbert get together in cadence.

Clete Welch signals for the kick.

Students decorate the hallways for Homecoming.

The signs get bigger and bigger and . . .

The Phillies beat the Royals in a World Series noticeably lacking Yankee participation. New fads would surface, such as baggies, skin-tights, miniskirts, or bell bottoms. As a decade begins things change and new questions emerge. In politics, in sports, and in fashion, each day is a new beginning for Brewer students.

The band hall is a current addition to Brewer. Though construction began in January of 1979, only since April has the facility been used. Included features are eight sound proof rooms, each offering a place for solo or group practice. Two offices enable the directors to work with more individual students. A uniform room, an instrument room, a music library, a rehearsal hall, a classroom and several other attractions gave the band a new feeling of excitement. The band hall marks a new beginning for the Brewer High Band.

New courses, new teachers, new buildings, new spirit, a new season and a new team. All of these represent breaks in tradition, with most changes needed and greatly appreciated by the students and faculty. 1980-81 was clearly a year of new beginnings for Brewer High School.

Following the 3:30 bell, the halls are vacated and the janitors start their daily clean-up routine. To anyone passing by, it would seem as though the school was empty and lifeless. However, within the school itself, students continue their work. Even as the teachers work on their lessons for the upcoming day, athletes prepare themselves physically for the upcoming game. The sound of volleyballs being spiked and set is heard as the girls practice for a tournament. Meetings of all sorts take place. Posters are painted as others sit ready to be hung. National Honor Society Secret Pals decorate lockers for their favorite athlete. Cheerleaders devote their time to making signs and posters to decorate the gym for the next pep rally, then work on special skits, dance routines and cheers. Late in the evening the doors are closed, only to be opened early the next morning for the 7:00 practices, the band, drillteam, majorettes and flag corps are so well adjusted to. All of this continues day after day as well as other things. It is all a part of the "after school" students and their devotion to Brewer High School.

Academics Widen Their Abilities

Reading, writing, and arithmetic used to be what school was all about; however, here at Brewer, students are fortunate in that the basics are paired with higher level courses that help them prepare for college.

Classes such as Computer Math, Comprehensive Logic, and the honors sections provide advanced work in particular areas of study.

Computer Math is a new addition for those students interested in computer programming and computer science. This class is designed to teach students to write programs for business applications such as payroll and inventories. They also learn to write simple games and use graphics to create pictures and charts as output. More topics covered by the course are basic computer science and programming structures.

Comprehensive Logic Verbal and Math are courses which prepare students for the college entrance examinations, such as the P.S.A.T., S.A.T., and A.C.T. This class is focused on such areas as vocabulary, analogies, sentence completion, reading comprehension, and literary interpretation. Comprehensive Logic not only provides a better understanding of these subjects, but

Students prepare to take the SAT.

students examine test-taking techniques, complete problems like those on the actual test, and play games which are designed to increase their verbal and mathematical ability.

The honors system deals with subjects such as English I, II, III, World History, and American History. More individual creativity is involved so that higher quality work is required. These classes, which are usually taken by college bound students, include activities such as visits to museums, theaters, and the History fair.

Homecoming Activities 1980

Senior Debbie Welch, the 1980 Homecoming Queen, is escorted at half time by Senior Joe Wethington.

The 1980 Brewer Homecoming was full of broken traditions; the Sophomores won the hall decorating contest, Mrs. Ballard resigned as cheerleader sponsor and the football team beat the undefeated Diamond Hill Eagles. Many hours were spent decorating the halls, doors, and the gym, making this homecoming the best ever.

During the Homecoming pep rally, as the band played "More" softly in the background, John Hibbs announced the Homecoming court. Nominees were Linna Pape, Gina Whitaker, Cyndi Gibson, Susan Benfer, and Dana DeShong. They were escorted by Don Wester, Brant Ingram, Steve Lemons, Jeff Griffin and Brad Howard, respectively. Miss Debbie Welch was crowned 1980-81 Homecoming Queen while escorted by Joe Whethington. The delight of the crowd was shown by applause.

However, there were sad moments during pep rally. After fifteen years, Mrs. Ballard handed her position as cheerleader sponsor to Mrs. Nophsker. Another tradition was broken. The climax of the homecoming activities has always been the Brewer Bears football game, and this year was no exception. As the traditional blue and white balloons floated into the air, the band played the fight song.

As was expected, the Band, Drum Major, Majorettes, Flag Corps and Drill Team were in fine form for their part of the Homecoming half-time performance. During the half-time Debbie Welch, the Homecoming Queen, and her court were presented to the crowd. An old tradition was broken when, along with Coming-Home Queen Barbara Hartman, a Coming-Home King, Corky Holland, was elected.

More traditions were broken as the Brewer Bears defeated the Diamond Hill Eagles 20-16, allowing the students to celebrate a long-awaited Homecoming victory.

Pep Rallies Boost Spirit

Confetti, signs, posters, streamers and Blue and White decorations are all a big part of pep rallies.

Playing the traditional "Go Cadence," one by one the band takes their places. The fight song is heard and the football team, both J.V. and Varsity, make their entrance. Cheers, yells, and shouts for victory are heard as the pep rally begins. Even though the afternoon pep rallies are not as crowded as the ones in the morning, there is no lack of spirit.

To pep the students up, the cheerleaders start chants and do cheers. Enthusiasm grows as the assembly gets underway.

Each week, to the enjoyment of the students, either the majorettes, drillteam, or flag corps perform one of their field routines. The Brewer Band plays a few selections each week as well as participating in the cheering sessions. The crowds show their appreciation with applause. There is always competition at pep rallies. Each class tries to outdo the other. This is a way of showing who has the most spirit; consequently, a spirit stick is awarded to the group which best demonstrates enthusiasm at the pep rally. In the past athletes were not allowed to participate in this portion of the rally. However, as of late, the coaches have allowed the football players to break their concentration and boost their morales to get mentally prepared for the game.

Everyone joins in singing the School Song.

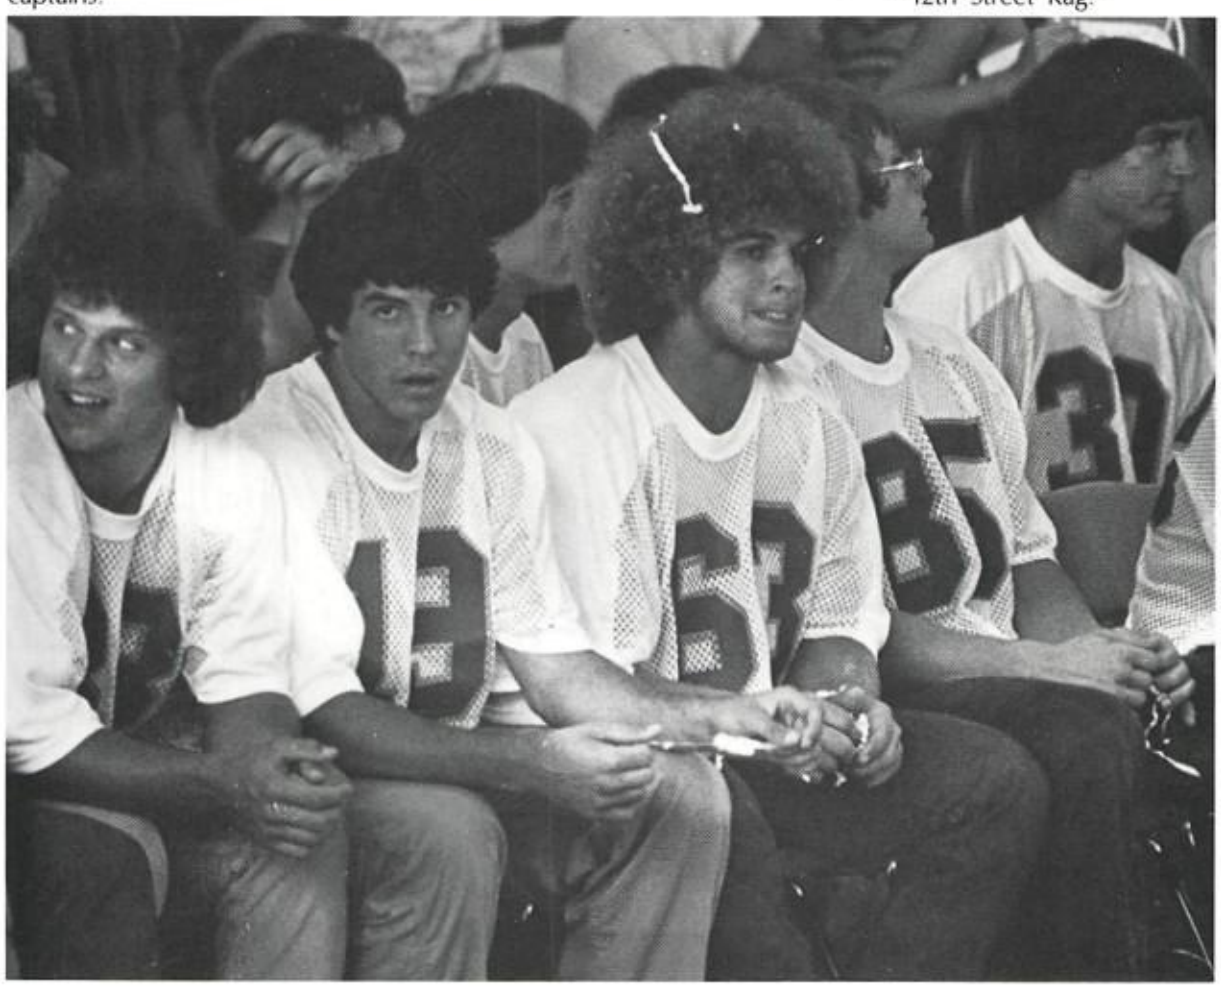
The cheerleaders prepare to do a cheer.

Happy Cameron, Mike Howard, James White, and Guy Wirsing eagerly await the beginning of the pep rally.

Coach Davis gathers his thoughts for the pep talk and introduction of captains.

Majorettes Ronda Jones, Kelly Fletcher, Linda Walker, and Christine McGraw perform to "Smoke on the Water."

The Drill Team watches as their offices and senior members perform a routine to "12th Street Rag."



Varsity football players get ready for the pep rally.

Nightlife Offers Variety for Students

The squeal of tires, bright lights, and crowded back seats were all a part of Friday and Saturday nights for many students.

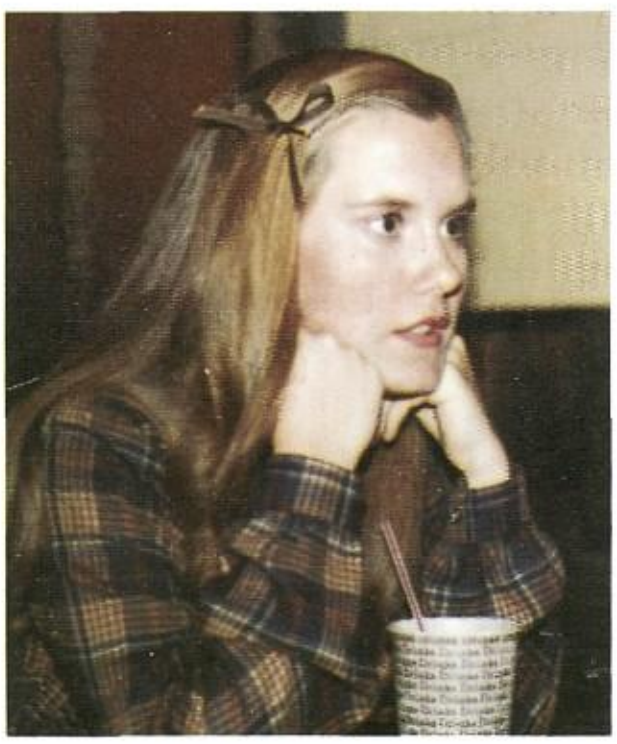
After football games, there are always fun-loving people gathering at Pizza Inn, McDonalds, Taco Bueno, Taco Bell, the Sonic, or almost any other place that stays open late.

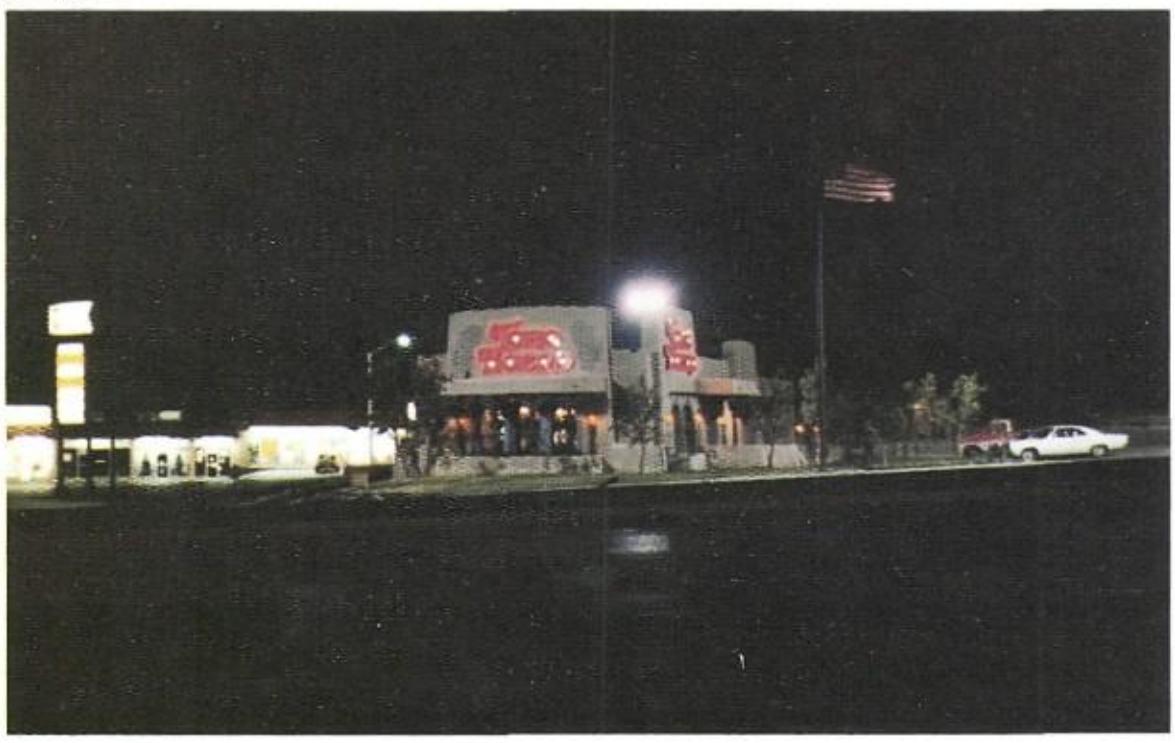
A new Cinema V in White Settlement provided variety in the night life of the city. At last, people did not have to drive to Western Hills to see an indoor movie.

So much vitality was created by the victorious football games that just grabbing a bite to eat did not suffice for many students. Sometimes they would gather in the McKinney Auditorium parking lot. Camp Joy also became one of the main places that attracted the rowdy Bear fans. While there they could swing in the swings, and just enjoy the night visiting and cutting up; sometimes a few even chose to go for a swim.

As Henry David Thoreau once said, "I have never found the companion that was so companionable as solitude." This is the outlook many students have as they enjoy quieter evenings at home.

Arthur Brunson, Tammy Mooney, Ronnie Hudgins and Sherri Welch congregate in the McKinney Auditorium parking lot.





Taco Bueno is one of the many places Brewer students go to eat.

Kirk Kozy poses for the camera.

Progressing into new and more modernized changes, the Brewer student has many memories, both good and bad, which will never change, memories of homecoming, pep rallies, and exciting nights on the streets of the city.

Organizations

Woody Allen once said that "I would never belong to an organization which would have someone like me as a member." However, this statement does not apply to Brewer students, since a large percentage of the student body is involved in extracurricular activities.

Clubs offer fun, excitement, extracurricular activities, and a chance to get to know and be with people. Because no class time is provided for these clubs, they have to meet before and after break. Clubs provide services for the community, school, and are constantly busy building school spirit and improving the facilities to make Brewer a better place in which to get an education.

A whistle is heard as the 151 member Brewer Marching Band returns to start the show that will eventually become their contest performance.

At the start, the directors are responsible for selecting the right type of music. Then they go to work trying to create formations which fit the music. Over thirty hours is put into developing one show. The brass section is usually placed in the center since it must project the most sound, whereas the woodwinds are placed on each side forming a mirror image, with the percussion, drill team, majorettes and flags placed in the surrounding areas.

The endeavors of band members, however, began paying off. The marching band was invited to perform a half-time at Texas Christian University and a pregame at East Texas State University. The band has also been to two contests. At Cleburne, they received a superior rating at the Cleburne contest as well as U.I.L. The Brewer Band was one of two bands chosen to represent this area at the state contest in Austin.

One thing that makes the Brewer marching band special is that they are strictly a volunteer organization. No one is required to participate in this facet of the band program, which makes their accomplishments carry even more weight.

The 1980-81 Brewer Marching Band

Raye Lynn Hall, Band Sweetheart, prepares for her French Horn solo.

Raye Lynn Hall was chosen this year as the Brewer Band Sweetheart. After four years of Symphonic Band, three years Marching Band, two years, in Jazz Band and one year as majorette, she was a row leader and a French Horn Soloist for the Marching Band. When the band received their superior rating and the news of state at U.I.L., all Raye could do was cry and say "I have always wanted to go to state, and now my Senior year is the best ever!"

Congratulations Raye Lynn on receiving such an honor.

Where Can You Find the Best Musicians on Campus?

In Symphonic Band, of Course.

The Symphonic Band is the finest instrumental group at Brewer High School. When the students decide to audition, they realize that a high standard of performance and attitude has been established. For the most part, these band members will continue their musical endeavors after they graduate from high school.

In symphonic band two things should have been accomplished. According to Mr. Sergel, the student should have "developed an appreciation for music in all areas" and "found the art of music a very valuable, personal aspect of their lives."

Majorettes and Flag Corps Add to Halftime Show

The 1980-81 Flag Corps attended East Texas State University this summer where they received a third place award. They also performed at Lamar receiving a superior which entitled them to second place. The flag corps has been growing each year. It has become an important part of the marching band. Although they do not have a teacher, they are learning their routines by working together. Needless to say, the Flag Corps has done a fine job and deserves the admiration of all students and members of the community.

This summer the majorettes attended camp at Blinn College in Brenham, Texas. While there they performed routines and were awarded superior, excellent, and good ribbons, along with receiving a spirit baton every night. On November 4, the University Interscholastic League Contest was held at the University of Texas at Arlington. The majorettes performed an ensemble to Star Trek, receiving an excellent rating. Although they do not have an instructor to help them with the routines, they are able to compensate by using parts of former routines along with those learned at camp. Needless to say, the majorettes have done a fine job and deserve the praise of all Brewer students.

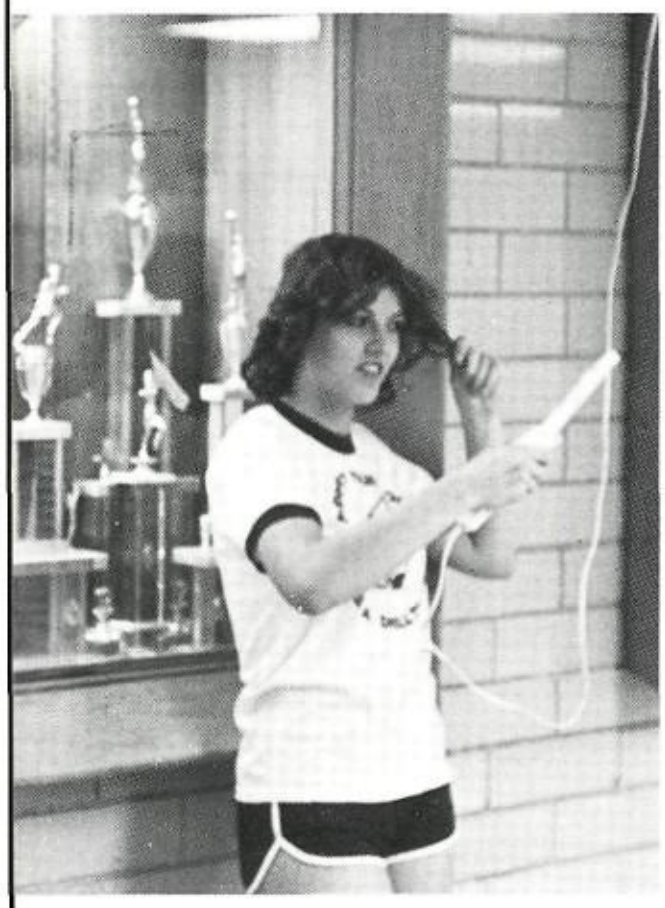
Drill Team Kicks Into a Great Year at Brewer in 1980-1981



The Brewer Honeycombs had a new instructor this year, Miss Michelle Crimmons, a part-time student at TCJC. She is a former member of the Rangerettes and specialized in high kick. Though hired very late during the summer, she did a very good job during marching season, teaching the girls five different field routines. Working with officers Tina Unsell, captain and senior, senior lieutenants Lisa Renneberg and Gina Whitaker, and junior lieutenants Stephanie Smith and Kim Southers, Miss Crimmons and the drill team had a fine season.

Deana smiles brightly after being chosen Honeycomb of the year.

1980-'81 Honeycomb of the Year Deana Bush

Deana Bush, four year member of the Honeycombs, was chosen Honeycomb of the year. Elected by her classmates in drill team; for four years she has been a dedicated and hard-working member of the drill team. Deana is a very deserving recipient of this distinguished honor. Deana Bush, honeycomb of the year for 1980-81.

A bouquet of roses and a trophy are presented by Denise Ragland, last year's Honeycomb of the Year.

Keeping up with her studies remains hard for Deana Bush.

When starting a new decade and a new year, the Bear Tracks Staff chose to make the year book full of new beginnings. The sponsor, Mr. Ballard, began his first year with five returning members and twelve rookies. Together the staffs strived for fresh ideas to make the 1980-81 Bear Tracks the best annual in the history of Brewer High School.

The annual staff sponsored the first annual Bohemian Beach Party and Dance. The attire was centered in shorts, sunglasses, and other beach clothes. The dance featured the ever-popular Seymour Lebowitz, better known as Phillip Kezerle, in a gorilla costume.

Also sponsored by the annual staff was the Cinderfella contest. Nine brave guys strutted their stuff in competition for Miss Cinderfella. The young maidens competed in talent, wet T-Shirt, evening gown, and question and answer contests. The competition was stiff, but Penelope Puddintay, alias Happy Cameron, was named Miss Cinderfella 1981. Runners up were Try-Me Guy and Henrietta Hickey.

After school "get-togethers" and Parton's Pizza were familiar to many of the devoted staffers. Lots of time and effort was called for to meet the deadlines.

Nearing the final deadline in February, everything had to be completed. It was a hectic time for all, especially for the editor-in-chief, Kehley Howeth, who spent many hours just getting organized.

Though the year has flown by, the Annual Staff has done their best to capture the memories and events of 1980-81 and put together Volume 28 of the *Bear Tracks*. The annual staff hopes that you get many hours of enjoyment from your yearbook.

Student Council Serves School and Community

The Student Council is a group of elected representatives from each grade whose main purpose is to work with the sponsors, Mrs. Brown and Miss Ponder, to bring about closer cooperation between faculty and students, create and maintain school interest, spirit and loyalty, and to provide a forum for student expression. The Student Council carries out these objectives by having many service projects, such as the annual Thanksgiving Food Drive and the Toy Drive at Christmas. The Student Council is always busy with projects designed to promote school spirit. Last year they painted signs for the pep rallies, "Spirit chain contests" between classes and held the first Trash Can decorating contest to "Can the Roos." The Student Council encourages participation and contributes to the quality of student life at Brewer.

The National Honor Society is made up of an elite group of students. Members of the club are required to have an over-all average of 85, Sophomore standing or above, no F grades, and, must be voted into membership by the faculty and administration. The National Honor Society is always busy being Secret Pals to the faculty and Varsity Football players. This year N.H.S. is also having its first Christmas party for Senior Citizens. N.H.S. members donate their time to the community and to Brewer High School. They help the children and the less fortunate in the community. N.H.S. also strives to build spirit and pride in the student body. Mrs. Dear and the N.H.S. members are awarded for their good deeds by "many a warm smile."

The N.H.S. Officers are: President, Mike Howard, Treasurer, Kehley Howeth, Secretary, Katerena Sharp, Historian, Raye Lynn Hall, Sponsor, Mrs. Dear.

Whiz Kids Turn Learning Into Sport

Deanna Brinkley, Barry Sullenberger, Tonya McKinney, Rob Durko, Billy Farris—the Whiz Kids team.

Who was the sculptor that carved "The Thinker"? If you could answer this question and other ones like it, there is a chance you could have been a part of the Whiz Kids team. This is a small group of students who enjoy scholastic competition and want to increase knowledge in all subject areas.

Whiz Kids compete in Whiz Quiz matches with other schools. Some of the questions cover areas such as humanities, television, movies, current events, sports, history, the arts, and religions.

To qualify for Whiz Kids, you must score highly on a general knowledge test and attend practices at break and on Tuesday nights. Students must have a wide knowledge of many subjects, along with a high level of retention, speed, and confidence. The Whiz Kids of 1980-81 should be congratulated on an excellent year.

Drama Club Demonstrates Theatrical Talents

Back row: Evon Jasinski, Danny Knowles, John Hartigan, Susie Spurlock, Gary Fields, Kevin Middleton, Mike Massey, Sharon Davison, Gina Beasley. Front Row: Mimi Salinas, Tina Kisselberg, Stephanie Smith, Liz Sides, Gilliam Butler, Scott Blankenship, Kim Southers, Redonda Moorhead, Mrs. Bryant, Steve Lacy.

"Act well your part, there all the honors lies." This Thespian motto expresses the aims of the Drama Club.

Drama club members have participated in the production of plays and other activities to earn points for maintaining membership in the Thespian club. One main purpose is to instill an appreciation for the dramatic arts in students, both those who attend the class and those only in the club. Much time and effort is given by students to make dramatic productions worthwhile. Experience is gained not only in portraying character roles, but also in public relations and stage crew work.

"Arsenic and Old Lace" by Joseph Kesseling was presented by the club in McKinney Auditorium. Students entered sections such as dramatic interpretation, prose, poetry, and duet acting in tournaments against other schools. Also, a one act play was produced for U.I.L.

As a new beginning for the Drama Club, two new additions were welcomed this year. First, Mrs. Toyna Bryant joined the faculty as drama coach. Second, a children's theater play was done for all the elementary schools and for the Texas Christian University theatrical department. This play, *The Enchanted Unicorn,* is a fantasy made real to children.

Congratulations go out to Mrs. Bryant and the Drama Department for a successful 1980-81 year in dramatic education.

Youth Advisory Council: Y.A.C.

Secretary, Robin Campbell; Mrs. Brown, sponsor; Carleton Hooten, Vice President; Happy Cameron, President; Mrs. Dear, Sponsor; Jiro Morrison, Treasurer.

This was the second season that the YAC (Youth Advisory Council) had been in existence. Mrs. Dear and Mrs. Brown, the sponsors of YAC, along with the help of Mr. Kearley and advisor Mr. Dear successfully oriented a group of students to advise the faculty, dieticians, and school board about the likes and dislikes of the student body. Another job of the YAC Committee is to participate in holiday festivities and to add decoration to the school. President Happy Cameron, Vice President Carlton Hooten and Secretary Robin Campbell have done a good job in making this group a fun and exciting one.

Language Club Excites Learning

President, Mike DeLeon; Vice President, Phil Miller; Secretary, Larry McDaniel; Treasurer, Linda Walker.

Do you know someone who is interested in the culture and language of countries? If you do, chances are they are associated with the Language Club. This is an organization to promote international understanding through the study of other cultures. Much information is achieved through trips, club projects, and socials.

Being a member of the Language Club involves enrollment in a language class, French or Spanish, and a willingness to work on club projects. In the past students have won awards in poetry reading, foods, and music.

Activities for this year included ministering to the needs of a family at Christmas, showing school spirit by sponsoring a dance, and an assembly program, all undertaken to pay for a spring trip to Mexico.

The Brewer High School Key Club's main purpose is to provide a service to the community and school. Sponsored by the White Settlement Sunrise Kiwanis, the Key Club's main project is assisting the March of Dimes with their annual Haunted House. Club members painted, cleaned and swept to make the project ready for the many ghouls and goblins. Club members donned black robes and became "spooks". Through community service the Key Club strives to earn points and compete with other clubs throughout Texas and Oklahoma. The Brewer High School Key Club is a service oriented club devoted to bettering our community and school.

Woods and Water Plans Outdoor Fun in 1981

The Woods and Water Club banded together at the halfway point in the school year. They planned their first camp out, an expedition to take place on the seventh and eighth of March to SR^2, and later a canoeing trip on the Brazos. Few of the members in Wood and Water are experienced campers, but all the members will tell you it's an exciting adventure and rewarding experience.

Choir Hits High Note at Brewer

Mrs. Terry Doremus instructs the choir at Brewer this year. Along with her officers Marty Schiffman, Theresa Beimesch and Susan McDermott, she intends to build a good choral program. Though it was a small group this year, they developed a sense of pride in themselves and a better attitude with good participation. Everyone expects good things from the Brewer Chorus after this successful year.

The Chess and War Games Club is for students who enjoy playing chess, war games, or any related game of historical events. This club is intended to improve the strategical mind of the student and increase his knowledge of wars in the history of the world. In this year's club more emphasis was placed on strategic war maneuvers than on the games themselves. As quoted from the sponsor, Mr. Heine, "Where else can you learn history, improve your mind, and massacre thousands of people in one evening (and enjoy it)?"

Distributive Education Clubs of America

The Distributive Education Clubs of America (DECA) is an organization designed to develop civic consciousness, leadership abilities, social intelligence, and vocational understanding. Besides being the only club to promote marketing and distribution in the United States, it also serves as a means of interpreting the instructional program through businessmen, faculty, parents, and other students.

Members are required to participate some way in club activities, attend a business meeting once a month, to aid in fund raising events, and to contribute to the improvement of the position of distribution in the school and the community. Many students attended leadership labs to make themselves better quality leaders and decision makers.

Eight area competetive events have been won in advertising, general merchandising, apparel and accessories, free enterprise project, food service, petroleum marketing series, finance and credit, and certificate of merit of Who's Who Among American High School Students for DECA club activities.

"There is no future in any job. The future lies in the man who holds the job." This statement, a quotation from Dr. George Crane, applies to the Office Education Association. This club made up of students enrolled in the V.O.E. program that wish to pursue future jobs as office workers. For the first time this year, a point system was set up to award hard-working students who work together in a cooperative way and assume extra responsibility. Competition is very tough at the area, state, and national levels. Overall, the 1980-81 school year was a progressive one for the Office Education Association.

The Brewer High School Chapter of the Future Homemakers of America saw many new beginnings during the 1980-81 school year. This club whose purpose is to help youth assume roles in society through home economics education, has become more active in recent years; in fact, every member was interested in a particular project, and became more involved in some way this year.

F.H.A. has a thirty five year history of focusing on family life issues. It is also one of the largest and oldest vocational youth organizations in the nation. Members of this co-curricular student activity must be enrolled in a home economics program, so it supplements normal classwork, in homemaking.

Home Economics and Related Occupations

"Toward New Horizons" this motto expresses the purpose of Home Economics Related Occupations gives students the opportunity to develop skills for jobs related to home economics. This group also helps individuals improve the quality of their personal family, and community living.

Their colors are red, for courage and a firm determination to succeed, and white for the purity and integrity of youth. The flower, the red rose, symbolizes vibrant and glowing health. These symbols represent the aims of HERO as it contributes to the happiness and efficiency of home and group life.

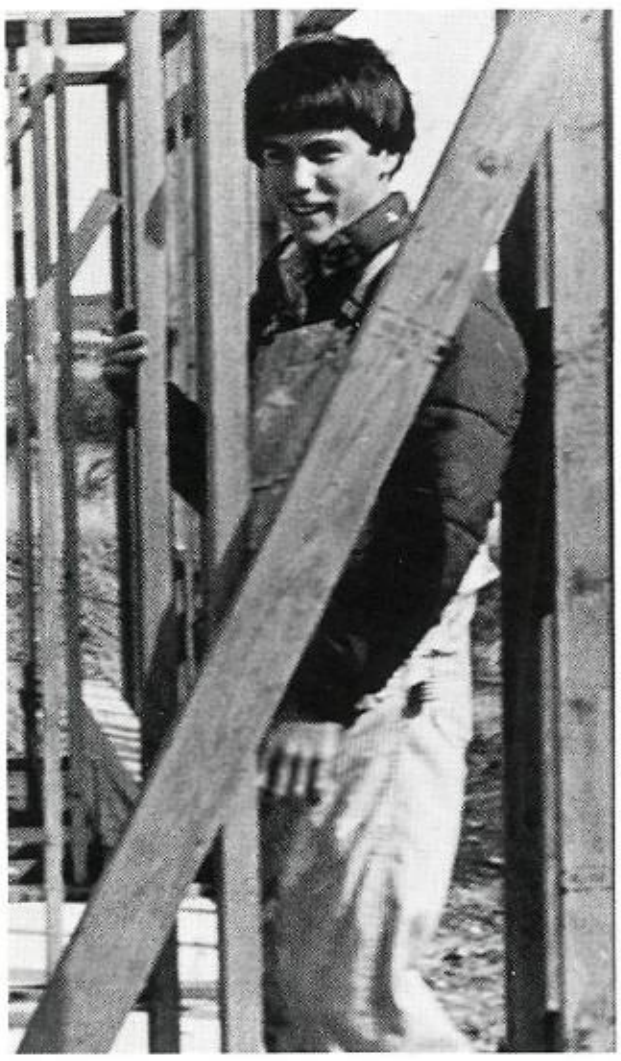
Building Trades Constructs Homes



Building Trades is a class which develops trades skill, and a broad understanding of the different phases of residential home building. Sophomores, Juniors, and Seniors who are physically and mentally capable may participate in class projects. This year the building trades class performed all the carpentry work, dry wall, finish trim, cabinet, electrical, and painting on a house located in West Point. It included extras such as a woodburning fireplace, wall to wall carpet, a wet bar, and a covered patio, along with the three bedrooms and two baths. Everyone associated with building trades should be congratulated on a fine year of work.

Howdy ya'll! Life in the big city tends to make people forget good ole down to earth type fun like rodeo. Well, folks here at Brewer have an organization to help remedy such things. The Brewer Rodeo Club, sponsored by Mr. Heine, tries to send at least half of their riders to the high school finals. The Rodeo Club is the only organization that has activities every weekend the whole year. The 1980-81 members have made special efforts to place higher in standings by participating in at least half of the yearly rodeos. So long, ya'll.

Freshman Cheerleaders

What group of people do the most for our school and receive the least appreciation; stay at the school day and night working on new ways to boost the school spirit, and risk their lives by standing on the side lines at football games and off sides on the basketball court?

The cheerleaders at B.H.S. are the most prestigious and hard working individuals. Every week they make signs and posters as well as working out skits and new cheers. All of this is done on their own time before and after school. They work hard to make sure everyone is enjoying the pep rallies and school events. At S.M.U. Camp this past summer they received two spirit sticks along with superior and excellent ribbons. The cheerleaders should be congratulated on their fun and very rewarding year.

Seniors of '81 say, "Brewer Bears are number one!"

The 1980 football season proved successful for the Varsity, who with 8 wins and 2 losses ranked second in the District.

When practices began, Coach Davis had not expected a winning season, yet he had always hoped for a state-ranked team.

After the first couple of scrimmage games, the coaching staff realized that the 1980 Bears "played together well" and that they were a "very unselfish team".

Despite injuries received early in the season the Bears quickly won 3 games. However, due to boosted morales and over-confidence, the Mineral Wells game was not triumphant.

This made the Bears even more determined to win the homecoming game against the undefeated Diamond Hill Eagles. With this win under their belts the next three victories were made an easy task for the Bears. With four of the six district games a success, the fifth proved to be the hardest. Weatherford was the team to beat. This win or loss would mean the difference in second in district and the zone playoffs. However, this game was fatal for the Bears. The 17-0 loss was not easy to swallow but Coach Davis was very satisfied with the outcome and proud of his team—win, lose or draw. After coming this far the team could not let Azle get the best of them, so to end up the season the Bears racked up a 10-0 victory.

When talking to Coach Davis about the season, he was quoted as saying he had the "Best Staff in America" and that "they deserved all the credit."

On November 18 the coaching staff met to vote on the All-District players from district 4A-5. Selected were Seniors Mike Howard, Darin Ingram, Guy Wirsing, and Juniors Joey Howeth, Jamie Nobles, Jesse Blair, and Jay Suratt. They, by showing their skill, leadership, and enthusiasm were very deserving of the award. And so another tradition was broken with a complete turn around for the Bears, going from the last rank to the second in district. Coach Davis and his staff expect an even better season next year.

Because of their lack of experience, the 1980-81 season proved disappointing for the Varsity Boys.

The fact that there were no returning starters from previous years, along with the transition to a new coach, hampered the effectiveness of the bears this season. Nevertheless, the boys had fun this year and hope for better seasons in the future.

Kelly LeBlanc, Eddie Crawford, and Matthew Stringer were the forwards. Chris Covington, Tony Pelaez and David Keplinger were the guards, and Robert Mitchell, Bill Edwards, and Philip Stringer played the Post. Philip Kezerle and Andrea McNeely were the managers and Coach Curry, normally the Girls Varsity coach, also coached the boys this year.

Although injuries and illnesses have plagued the Varsity Girls, they have overcome many obstacles to become successful in the 1980-81 Season.

The Varsity Girls participated in three Tournaments: Midlothian, Azle and Springtown. At Springtown they won The championship game making their record 14-3 going into district.

Again the girls were overwhelmed with illnesses and injuries. Tammy Mooney was hampered with a pre-season knee injury and would not play for most of the season. Vickie Popejoy contracted encephalitis and was out for most of district play. With only eight players left, Coach Curry decided to move three Sophomores to the Varsity: Angie Shelton, Lori Stanford and Terri Stephens.

After the first round the Bears had a 2-3 record. Since they had finished second, they were excited and ready to go for the second round of play. The girls easily beat Northside and then met a tough team from Boswell. It was a hard-fought game, but the girls played as a team and when the buzzer went off, they had come out ahead. The next game was against Castleberry, who gave the girls a good game. But again the Brewer girls pulled through.

Then came the most important game of the season. The girls had to travel over to Weatherford to play the Roos. There was a terrific crowd of students, parents and Bear fans to cheer the girls on. About halfway through the first quarter, Melanie Saunders fell, sprained her ankle, and was out for the rest of the game. The girls knew they needed to work harder then ever to beat the Roos. The Brewer girls played tough and came back to within nine points of winning the game. We should be proud of their effort and determination.

The last game of the season was played against the Azle Hornets. The Brewer girls led the Hornets during the first and most of the second quarter. They were neck and neck until the fourth quarter, when Azle began to pull ahead. The girls played with determination, but nevertheless came up short. The Brewer girls had a super year, demonstrating the pride and spirit of Brewer High School.

Irvin S. Cobb once said, "As I understand it, sport is hard work for which you do not get paid." When Coach McMullen took over the Freshmen, Junior Varsity and Varsity Volleyball teams, she knew that it would take hard work from herself and the girls. She hoped she would be able to "instill a winning attitude" into all players. The Varsity started the season off slowly but finished strong, picking up second place in district. With two seniors, six juniors, and three sophomores, the returning team lacked experience. But, with everyone working and pulling together, they overcame their inexperience to have a winning season. The Freshman and Junior Varsity did not come out as well, but they are looking forward to better seasons in the future.

Boys Track Sprints Into 1981 Season

Track is a test of endurance, rather than just a sport. Many athletes feel it is the most challenging of all high-school sports. It takes many hours of hard training as well as preparation before each event. Coach Madden and Coach Stewart both feel that "it does not matter whether you win or lose, as long as you do your best."

The 1980-81 Tennis Team had a new year to look forward to. A new Coach, Craig Southard, had been recruited to give the team a fresh start. With very few returning athletes and plenty of new ones, they had a big task ahead of them. They worked hard and gave it their all, and each of them gained valuable experience. This year was not a terrific one but next year will prove to be great with mostly returning athletes.

"Bad Girl," Lisa La Bare struts her stuff at the Cinderfella Contest.

This, being the last year for the Seniors of '81, was also the most exciting. Seniors had such events as the mock convention to elect a President and Vice-President to preside over the school for one day. Mike Howard was elected President; his Vice-Presidents were Guy Wirsing and Waymon Patterson. The Senior officers were: Phil Miller, Mike Howard, Gina Whitaker, Susan Benfer, Cyndi Gibson. The sponsors, Mrs. Hope, Coach Roller, Coach Benifield, and Mrs. Cooper, and Ms. Frye, also set up magazine sales to pay for the Senior activities at the end of the year. We, the Annual Staff, hope that each and every Senior has a GREAT new beginning in the years to come.

One, of course.

Mike Howard—I would change the apathetic attitude that some teachers and students have about Brewer and getting involved or contributing in making Brewer not only a place for expanding a students mind, but also a place for growth in character, attitude, and a persistent will. This will bring about students into responsible adults.

Kehley Howeth—To give Brewer a new beginning, I would promote greater understanding between students and faculty by having both sides more involved in the business of education. At Brewer, students should strive for excellence, not merely satisfy themselves with mediocrity.

Teaching is defined as the process of passing knowledge from one person to another. The teaching staff at Brewer this year has been successful in motivating students to learn more than ever before. When the PSAT, SAT, and ACT scores came back the grades were shown to have increased since the previous year. The policy used by most teachers at Brewer is to be more than an instructor to the students and make the learning process exciting.

Brewer Faculty Dedicated to the Art of Teaching

If I had a child who wanted to be a teacher, I would bid him Godspeed as if he were going to a war. For indeed the war against prejudice, greed, and ignorance is eternal, and those who dedicate themselves to it give their lives no less because they may live to see some fraction of the battle won.

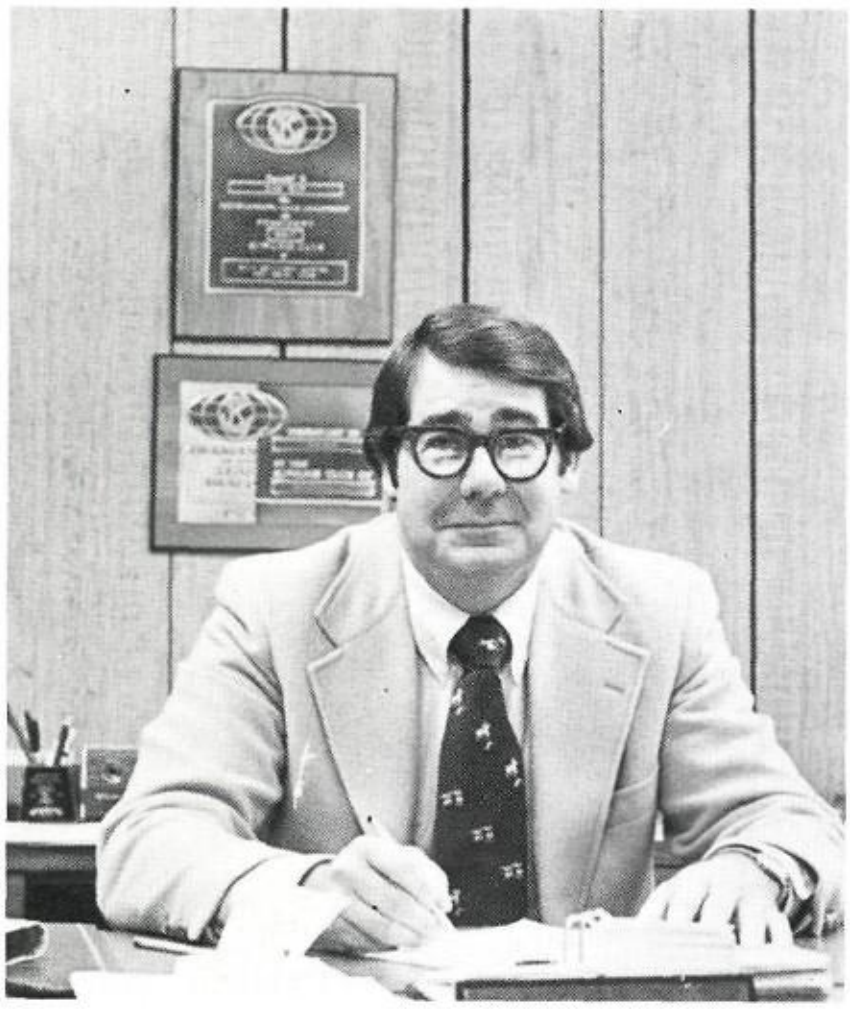
Clabe Welch



To the graduating Seniors and students of C. F. Brewer High:

Of the many treasures accumulated through your high school days, I believe this yearbook is one of the most valued and appreciated. Hopefully, your 1980-81 *Bear Tracks* will serve as a book of pleasant memories and as a reminder of your progress and achievement attained during this school year.

It is my sincere wish that each graduating senior be able to use your academic and social educational skills obtained at Brewer High to help accomplish your desired goals. May you continue to strive for the very best and most worthwhile accomplishments of which you are capable.

A big "Thank You" is due our 1980-81 seniors for all the time and energy put forth, both locally and statewide, to insure Brewer High's standards of excellence. Your dedication hasn't gone unnoticed or unappreciated.

My congratulations to the Seniors and *Bear Tracks* staff.

Sincerely,

Clabe Welch
Superintendent of Schools

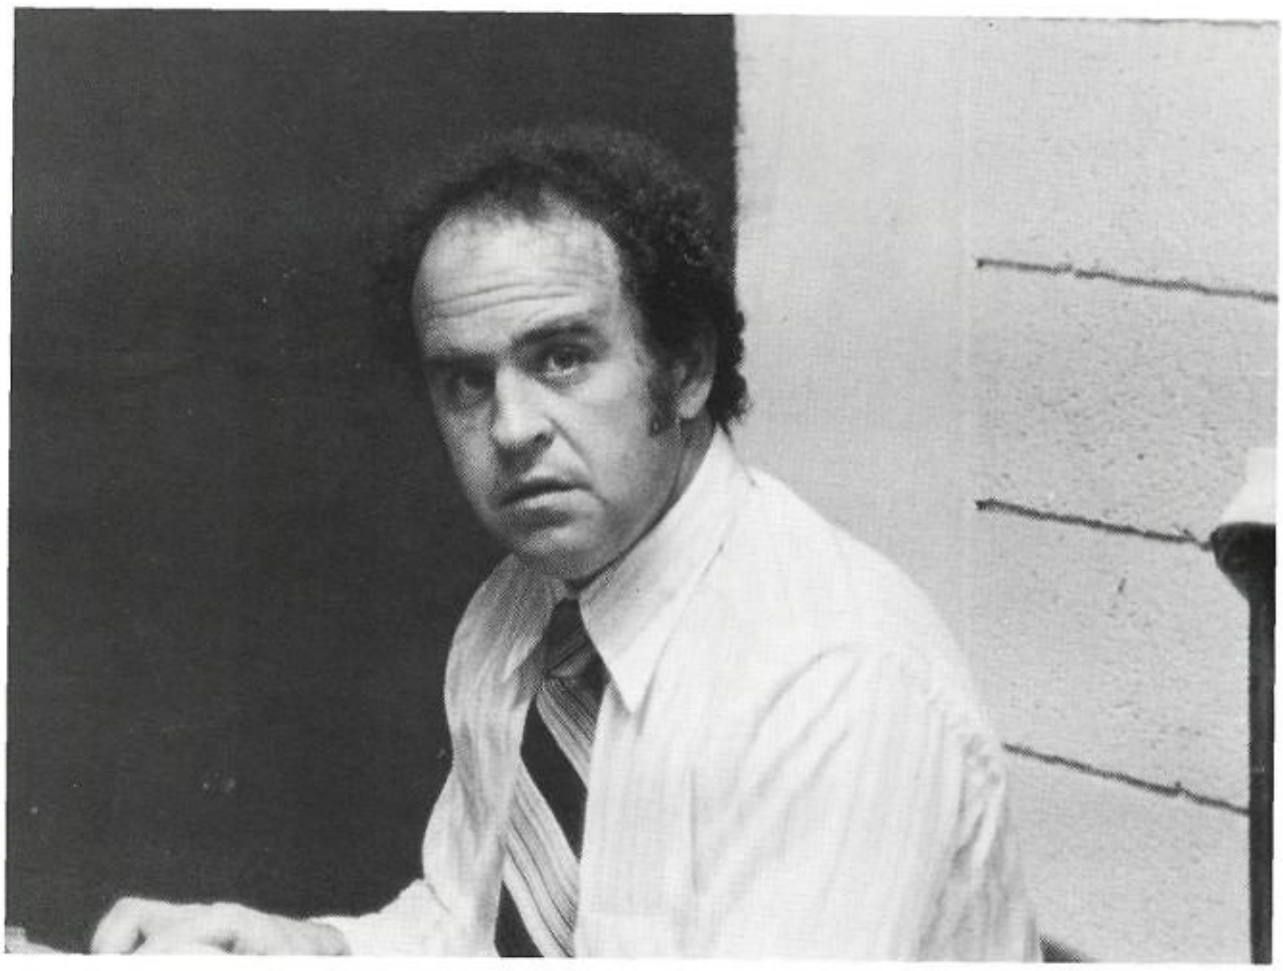
White Settlement Independent School District School Board

1980-1981 School Board: Sitting—Woodrow Henderson, Charles White, Dorothy Morris, Joe Howeth. Standing—Willie Brandon, Jimmy Barrett.

Mr. Coleman Hutchins taught Auto Mechanics during the 1979-80 school year. Mr. Hutchins will be missed by everyone who knew him.

Bear Tracks Dedication: Mr. Ron Miller

Mr. Ron Miller, known to Brewer students as Coach Miller, gave up his position as basketball coach during the past year to become a full-time counselor. He is "enjoying counseling very much," since the thing he likes most is working with students. He admits, however, that he hates to put grades on permanent records, and so welcomes interruptions at any time during the day. Although Coach Miller is not superstitious, he worries about this thirteenth year being his last at Brewer High. In retrospect, he says that "my thirteenth year has undoubtedly been the least exciting of all, since I had to give up something I truly loved." To express the appreciation of the student body and the annual staff for many years of hard work, the 1981 *Bear Tracks* is dedicated to Mr. Ron Miller.



Coach Miller, "Mr. Personality," looks agreeable during second period.

Special Mention for Outstanding Service

Mr. Holt in 1941.

Kehley's Message

I would like to take this opportunity to thank some very special people who have played a large role in my four years of high school; my parents who provided the encouragement and support I needed, especially where the annual was concerned; my teachers, who helped me keep things in perspective, and the 1981 annual staff, who with their long hours and hard work succeeded in making this years annual "the best ever."

The staff went to great lengths to make the 1981 *Bear Tracks* a quality annual and provide interesting commercials (Ha Ha), The Bohemian Beach Party (in January) and the ever-popular Cinderfella Contest for the student body. Along with the *Bear Tracks* staff, I hope that you enjoy the 1981 yearbook.

You've got a bright future. We'll do our part to help keep it that way.

Your generation will need as much electricity as is being used these days. Maybe more. We at Texas Electric are working to provide you with the electricity you'll need for college, your homes and your jobs.

In the past, we've used mostly natural gas and oil to make electricity. Today, we're making as much electricity as possible in plants built to use lignite coal. And, we're building a plant to make electricity using uranium fuel. By using these cheaper and more abundant fuels, we'll help keep your future looking bright.

One Last Hurrah!

STEVE
it's been fun
knowing you in
high school. Hope
to see you in the
future. Thanks
always
David Phillips

Steve
looks like
we finally
made it.
well we will
still see each
other so. if
you go to the
marine. good luck
your gonna
need it
JUST KIDDING.

Steve,
It's
time that I am first
about
at something. I really
think that your a neat guy
to be
until the year was just start talking
so be cool. keep in touch about over
Good luck there is
Cruel world out there so
go give it your Best Shot
Love,
Pam Hadley
Sr '81

Steve,
Sorry we haven't spent so much time together this year & good luck in the Marines
BEST WISHES,
John Thrombones

Steve,
I'm glad you & I met & got to be good friends and even though we don't talk much lately, I'd still like you alot and I'd really like to see you this summer and later.
You're really sweet (when you try) and a good-looking guy! I'd really like your new truck and you'll have to let me see it sometime. Good luck always and see ya later!
P.S. See ya at the Sr. Parties!
(Oh, by the way, if you think this is a proposition (you're right...)

Love ya,
Sharon
